

HOW YOU CAN SHARE YOUR STORIES

We love hearing stories from our organizers around the world. If you would like to share yours, please consider sending us an email with any of the below:

- Pictures and videos from **before, during** and **after** your event
- Statements from event participants and attendees about what Jazz Day means to them and what their experience was like
- A list of participating artists
- A list of sponsors and/or affiliated institutions and organizations
- Your hopes for how Jazz Day can make a positive impact in your community and country
- The number of people that attended your event

We also welcome all of our organizers to post photos, videos and anything else you might like to share to Facebook, Twitter and Instagram. Tag us (@IntlJazzDay) and be sure to use the hashtag #JazzDay so we can support you online!

Email outreach@jazzday.com with anything you would like us to share.
